- Sensory Play: Shaving Cream & Play-Dough
- Fine Motor Skills Activities: Cutting Practice, Using Tongs, Coloring

NEW THINGS TO EXPECT IN ROOM 3

As the children begin to grow and develop more language skills, they will begin to be less dependent. You will see them being more self-sufficient. This class will begin to introduce more fine motor skill activities through hands on learning.

MEET YOUR TEACHERS

Ms. Laleh - AM

After working in the corporate world for 17 years, I decided to pursue my passion for teaching and God's calling on my life. I was able to complete my "ECE" teaching certificate, and now, I'm beginning my fifth year with our sweet 3 year olds. I feel blessed and honored everyday to be able to teach, guide, and love these amazing children.

Ms. Jessica - AM

I have been teaching at Children's House for 4 years. I just graduated last Spring with my Bachelors in Liberal Studies. I am also a CH alumni myself, so my love for the school runs deep! One of my favorite things to do in the classroom, is to challenge the children & find creative ways to develop their fine motor skills. I feel extremely blessed to do what I love everyday!

Ms. Sarah - PM

I have been working here for 4 years. I graduated from Biola, with a B.A. in Christian Ministry and I'm currently finishing my teaching certificate in Early Childhood. Since high school God called me to work with children by showing His love and His light. My hobbies include watching Korean shows and rock climbing. It's been a pleasure to work here and I hope to see you around!

Ms. Noemi - PM

I started working at Children's House when I was 18. I have been able to work with all of the age groups, but I think my favorite age is the 2/3 year olds. They are silly, adventurous, creative, and determined. I am blessed to be able to work with such sweet children!
